

2020 – 2023 Strategic Plan

Vision

To empower ability-first within our programs and community by providing and supporting choices & inclusion.

Mission

To provide support and services to persons with developmental disabilities so they can better live, work, learn, and recreate in the mainstream of life.

Core Values

People First

The Arc believes that all people with intellectual and developmental disabilities are defined by their own strengths, abilities and inherent value, not by their disability.

Equity

The Arc believes that people with intellectual and developmental disabilities are entitled to the respect, dignity, equality, safety, and security accorded to other members of society, and are equal before the law.

Community

The Arc believes that people with intellectual and developmental disabilities belong in the community and have fundamental moral, civil and constitutional rights to be fully included and actively participate in all aspects of society.

Self-determination

The Arc believes in self-determination and self-advocacy. People with intellectual and developmental disabilities, with appropriate resources and supports, can make decisions about their own lives and must be heard on issues that affect their well-being.

Diversity

The Arc believes that society in general and The Arc in particular benefit from the contributions of people with diverse personal characteristics (including but not limited to race, ethnicity, religion, age, geographic location, sexual orientation, gender and type of disability).

Dear Friends of The Arc,

We are pleased to share with you The Arc of Amador & Calaveras Three-Year Strategic Plan.

As an organization we are person centered and grounded in respect for all. We strive to achieve an atmosphere that is accessible and welcoming to everyone. We are responsible, transparent and accountable to our stakeholders and we strive to uphold the highest standards of corporate ethics and integrity.

The strategic direction and goals included in this plan are The Arc of Amador and Calaveras' response to its understanding of what its stakeholders value most about the organization, and current opportunities and challenges for offering a high quality system of support in the community for people with disabilities.

Our plan is a guide to quality organizational improvement, and as with any plan we may find reasons to enhance and adjust our goals and objectives as we work through the next three years with the economy and world changing around us.

We are confident that we have in place the leadership, personnel and processes to make informed changes as necessary, while always keeping in mind our mission and the well-being of the people we serve.

Thank you for your support and involvement – we look forward to sharing with you our legacy of quality programs, growth and passion for our community and the people we serve.

Executive Summary

The strategic plan consists of six major goals that demonstrate the priority of the organization as strengthening the organization and increasing awareness of the organization within the larger community. Each goal was set with specific strategies and timelines to direct implementation.

The Arc of Amador and Calaveras is proud of its outstanding staff, history of advocacy, and its continuous delivery of quality, professional services and supports. With a focus on its mission, understanding of what it does well, and the environment in which it operates, The Arc of Amador and Calaveras will pursue the following strategic priorities:

Strategic Goals

Growth and Development

1. Utilize The Arc's brand for community awareness and marketing.
2. Develop strategies for the formation of program expansions.
3. Insure continued quality service to stakeholders while facilitating growth.
4. Maintain Quality Standards and Secure CARF 3-year accreditation in 2021.

Resource Development

1. Redefine donor targeting and strengthen donor communications.
2. Identify opportunities for both public and private grants.

Human Resources

1. Create a plan for staff development.
2. Provide employees with fair and competitive wages and benefits.
3. Provide adequate technology to facilitate productivity.

Financial Planning

1. Develop a plan to increase reserves annually.

Board Development

1. Strengthen processes for the selection, orientation, evaluation and recognition of board members.
2. Re-evaluate governance structure with respect to future growth.

Facilities

1. Conduct an evaluation of safety issues for each program (Amador, Calaveras, Supported Living, and Supported Employment).
2. Create a formal facility and equipment maintenance list.
3. Plan for the agency's continued capital improvements.
