## St. Patrick's Day Nails By Sharly

There are so many different outfits to pull together for this month's holiday. But this fashion article is going to focus on nails and nail art! There are endless possibilities! When we think about St. Patrick's Day the color green and glitter come to mind. Every girl loves glitter! You could go with shamrocks and match your outfit to your nails. You could also get a rainbow with a pot of gold or a leprechaun. Everything could use a splash of glitter.

Don't Forget to wear

## Fishing By James

Trout are a species of freshwater fish. I like trout because I enjoy fishing on the river. My dad always tells me to stay calm and quiet around fish. Because you don't want to scare away the fish. I've caught about 2 dozen trout in my life following my dad's advice. This summer I am going fishing at Lake Amador, and I am excited to catch more trout with my dad.
